Dennis, Please see messages below on the language for the "Gap" document. NOAA is unable to provide okay on the language at this time.

From my end, I've included some additional small edits to the document for you to consider. I provide you with both a new marked up version (which I have shared with Joelle) and a clean version. Let me know if you have questions.

Dennis, I'm sure that Will will catch you, but given time constraints, I will provide he heads up that when Will and I spoke late Friday he mentioned that he planned talk to you about holding off sharing he paper until some of the issues could be looked at more closely...FIFRA included. I don't think he's had the time to focus on it.

Thanks, Joelle
